Comment:

a. The report is the first to state that Soviet motor vehicles were stored at the former NEUHAMMER troop training grounds.

b. The report indicates that no preparations for the quartering of maneuver units had been made at the troop training grounds up to [REDACTED] It is not known whether or not troop units stationed in Lower Silesia held their 1949 summer maneuvers at that troop training grounds (as the units in the Soviet Zones of Germany and Austria and in Hungary did). The Soviet units in Pomerania are believed to have held their summer exercises only in the vicinity of their military posts.
